There are a few changes for the 2013-2014 school year. **The most important change is that we can no longer accept unsorted items.**

1. We accept: clean/rinsed plastic bottles and aluminum cans with a California Refund Value (CRV) logo (see examples on the Chaparral PTA Facebook page - Recycling 2013-2014 album, pictures #5 & 6).

2. We do NOT accept: milk jugs, soup cans, plastic bags and especially glass. These items are not eligible for the Bottles and Cans Program.

3. Please sort your items into separate bags: one for plastic and one for aluminum. Clear or white bags preferred. **Unsorted items will not be accepted.** We simply do not have the manpower.

4. Kindly check in to receive credit and place your recycling into the blue bins (or hand to a volunteer). **Do not leave items on the ground.**

5. Collection begins at 7:45am. Please do not leave your recycling if we are not set up.

6. Remember that we are volunteers and don’t have control over the volume that comes in or the lines that form. Be patient. :)
